ARBORTECH OPENS OFFICE IN NORTH AMERICA

-Technology taken to a new level

Perth, Western Australia, October 1st, 2007: After successfully selling innovative Power Tools to the North American market for many years, Arbortech is now pleased to announce the opening of Arbortech USA.

With the new North American office, located in Massachusetts, Arbortech is responding to the growing demand for its products in North America and will be able to further improve the support to its valued dealers and customers.

ABOUT ARBORTECH

Arbortech is an Australian company engaged in the research, development and manufacturing of innovative technologies. **Arbortech** was incorporated in 1988 with the release of the Woodcarver™ Blade, a revolutionary product that allows the user to powerfully shape wood using free-hand techniques.

Primarily known for its cutting technologies as featured in the Award-winning AS160, **Arbortech** also gained international recognition for its development of the Airboard™, a unique personal hovercraft that featured in the Sydney 2000 Olympics Opening

Ceremony. Since its first product release, **Arbortech** has positioned itself in international markets as a progressive company delivering unique woodworking and masonry cutting power tools. Arbortech has gained an international reputation for an innovative approach, engineering excellence and cutting-edge technologies in already well-established industries.
